

IP68 Sealed Backlit Keyboard with Mousepad

Order Code: KYBNA-SIL-695-BKL
 Accuratus 695 - IP68 Fully Sealed Mini Keyboard with Adjustable LED Backlighting and Integrated Thumb-pad

About

The Accuratus 695 is a compact and slim-line mini keyboard with a fully sealed IP68 waterproof design. The 695 has a durable silicone body with carbon on gold key technology like many other fully sealed silicone keyboards, meaning the keys are responsive, accurate and have a tactile feel to them. Perfect for darker environments too, the 695 has red LED backlit keys with 5 levels of adjustable intensity perfect for in vehicle use or other environments which are dark and visibility is key. Within the 695 is a handy integrated thumb-pad with left and right mouse buttons offering full mouse functionality but still in a mini keyboard design.

The 695 is ideal for many situations such as; factories, in vehicle use, police cars, car garages, warehouses, workshops, laboratories, food environments, boats, the list goes on.
