Accuratus 495 - IP68 Fully Sealed Mini Rugged Keyboard

### About

The Accuratus 495 is a compact and slim-line mini keyboard with a fully sealed IP68 waterproof design. The 495 has a durable silicone body with carbon on gold key technology like many of our other fully sealed silicone keyboards, meaning the keys are responsive, accurate and have a tactile feel to them. The 495 has durable keyboard legends, all characters are melted into the silicone keycaps so have an excellent lifespan.

The 495 is ideal for many situations such as; factories, in vehicle use, police cars, car garages, warehouses, workshops, laboratories, food environments, boats, the list goes on.
